North: M-1/sp (Manufacturing/special permit) / Government use, building
South: M-1(Manufacturing) / Warehouse Office
East: M-1(Manufacturing) / Rail yard
West: M-1(Manufacturing) / Vacant

PLAN EL PASO DESIGNATION: G-2, Traditional Neighborhood (Walkable) (Central Planning Area)

NEAREST PARK: Calendar Park (1,560 feet)

NEAREST SCHOOL: Roosevelt Elementary (1,801 feet)

NEIGHBORHOOD ASSOCIATIONS

El Paso Central Business Association

NEIGHBORHOOD INPUT

Notice of a Public Hearing was mailed to all property owners within 300 feet of the subject property on July 31, 2014. The Planning Division has not received any letters or phone calls in support or opposition to the rezoning request.

CASE HISTORY

On December 19, 1995, City Council approved Ordinance No. 12649 granting Special Permit No. SP 95-25 to permit the parking space requirements of the property at 301 Ochoa to be satisfied on the subject property. As the subject property only provides 156 parking spaces, and is no longer in compliance with the terms of the special permit, the special permit will automatically terminate.

APPLICATION DESCRIPTION

The property owner is requesting a rezoning from M-1 (Manufacturing) and M-1/sp (Manufacturing/Special permit) to C-5 (Central Business District) to allow for a variety of commercial and office uses. The site plan shows a 15,822 sq. ft. existing building and 156 parking spaces, to include 7 ADA accessible spaces. Access to the subject property is from First Avenue, as well as from Ochoa, Virginia, and Saint Vrain Streets.

Section 20.14.050(D) of the El Paso City Code exempts properties that are designated under the Downtown 2015 Plan from off-street parking requirements. The subject property is within the Downtown 2015 Plan area and is exempt from parking requirements.

PLANNING DIVISION RECOMMENDATION

The Planning Division recommends **approval** of rezoning the subject property from M-1 (Manufacturing) and M-1/sp (Manufacturing/special permit) to C-5 (Central Business District).

The property is in proximity to other C-5 (Central Business District) zoned properties, lies within the designated Downtown District, and serves to transition industrial uses away from the city's central business district, in conformance with its Plan El Paso G-2 Traditional Neighborhood (Walkable) growth sector designation.

Plan El Paso-Future Land Use Map Designation

All applications for a rezoning shall demonstrate compliance with the following criteria:

G-2 – Traditional Neighborhood (Walkable): This sector includes the remainder of central El Paso as it existed through World War II. Blocks are small and usually have rear alleys; buildings directly faced streets; schools, parks, and small shops are integrated with residential areas. This sector is well-suited for use of the SmartCode as a replacement for current zoning when planned in conjunction with specific neighborhood plans or identified in this Comprehensive Plan.

The purpose of the C-5 (Central Business District) district is to provide commercial uses intended to serve the entire City to permit heavy commercial uses characterized by automotive and light warehousing. Provides a transition from general business areas to industrial and manufacturing uses, and to accommodate major locations of commerce, service and employment activities. Within the Central Business District, more intensive commercial uses are allowed, the predominant of which are retail trade and service uses, providing less restrictive height and area regulations.

COMMENTS:

Planning Division - Transportation

No objections. A TIA is not required.

Note: All existing / proposed paths of travel (accessible sidewalks, wheelchair access curb ramps and driveways) within public rights-of-way shall be in compliance with current ADA/TAS rules and regulations and the current City of El Paso Design Standards for Construction.

City Development Department – Building Development & Permitting

Recommend approval of proposed rezoning. However, any proposed change of use to the structure will require that tenant improvement plans be submitted for review.

City Development Department - Land Development

No objection.

El Paso Fire Department

Recommend "Approval" of "Rezoning Application" as presented. *****NOTE ***** PZRZ 13-00030 In accordance with the requirements of the Zoning Code Section 20.04.160 Content of application the Fire Planning Division has reviewed the submitted "Detailed Site Plan for the following: Elevations, Perspective of the building, Dimensions, square footage and height of all structures, Number of dwelling units in Multi- family structures, and Driveways as applicable to following sections of the fire code; Sections 503 and Appendix D Fire Apparatus Access Roads, Section 903 Automatic Sprinkler Systems, Section 905 Standpipe Systems. "When required as per section 905.3.1, 905.4 and 905.5 all fire protections system plans shall be submitted separately to Fire Plan Review for further requirements and comments". The Fire Planning Division has reviewed the submitted "Rezoning Application" as per requirements of the Zoning Code Section 20.04.160 Content of application and has determined that the submission DOES

Comply within the zoning regulations.

El Paso Water Utilities

We have reviewed the rezoning request and provide the following comments:

EPWU-PSB Comments

Water:

1. There is an existing 8-inch diameter water main that extends along First St. located approximately 10 feet north of the street centerline. This main is available for service.
2. There is an existing 6-inch diameter water main that extends along Ochoa St. located approximately 15 feet west of the street centerline. This main is available for service.
3. Previous water pressure tests from fire hydrant # 976 located at the southwest corner of First St. and Saint Vrain have yielded a static pressure of 98 (psi) pounds per square inch, a residual pressure of 92 (psi) pounds per square inch, and a discharge of 1300 (gpm) gallons per minute.
4. The owner should, for his own protection and at his own expense, install at the discharge side of each water meter a pressure regulator, strainer and relief valve, to be set for pressure as desired by the customer. The Lot owner shall be responsible for the operation and maintenance of the above-described water pressure regulating device.
5. EPWU records indicate an active 1-inch water meter serving the subject property. The service address for this meter is 216 S. Ochoa St.

Sanitary Sewer:

1. There is an existing 18-inch diameter sanitary sewer main that extends along the vacated alley on the eastern portion of the property. No building, reservoir, structure or other improvement, other than asphaltic paving (HMAC), shall be constructed above the 18-inch diameter sanitary sewer main.
2. There is an existing 8-inch diameter sanitary sewer main that extends along First St. from the 18-inch diameter main to Saint Vrain approximately 180 feet. This main is available for service.
3. EPWU records indicate active sanitary sewer service serving the subject property. The service address for this meter is 216 S. Ochoa St.

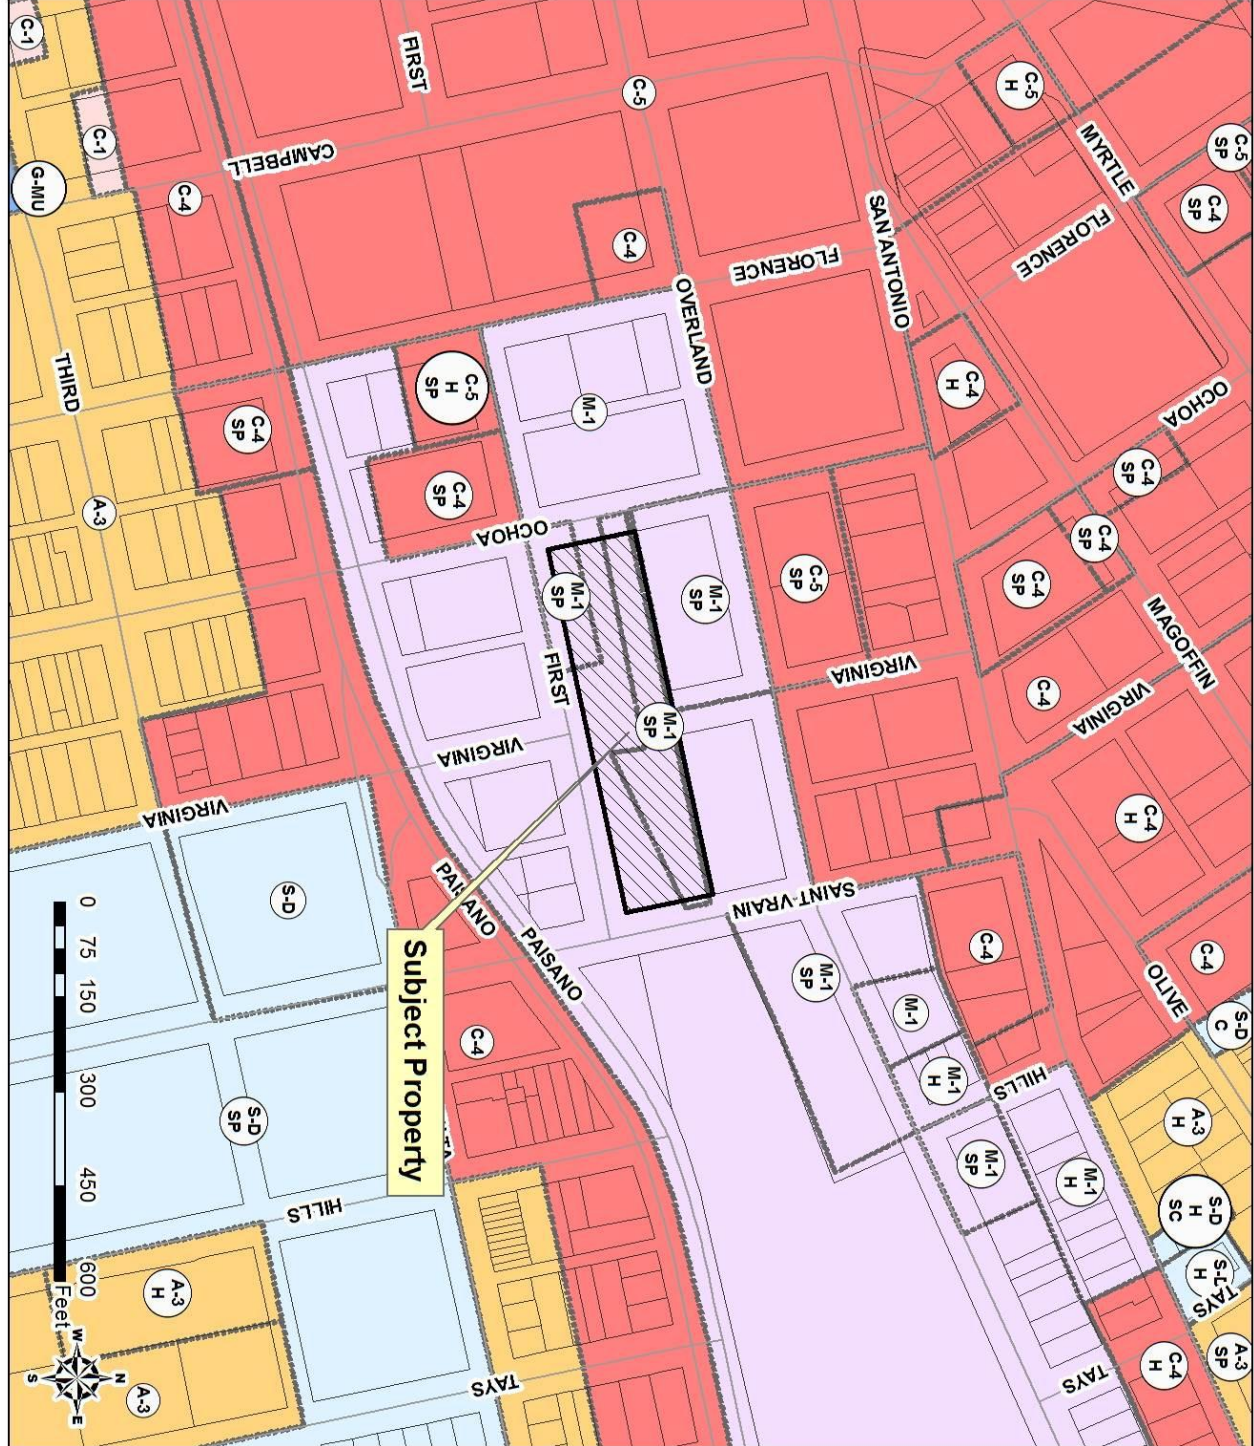

General:

1. EPWU-PSB requires a new service application to serve the property. New service applications should be made 6-8 weeks in advance of construction to ensure water for construction work. The following items, if applicable, are required at the time of application: (1) hard copy of site plan with street names and addresses; (2) finalized set of improvement plans, including grading & drainage plans; (3) digital copy of site plan; (4) benchmark check; (5) construction schedule; and (6) a certificate of compliance. Service will be provided in accordance with the current El Paso Water Utilities – Public Service Board (EPWU-PSB) Rules and Regulations. The owner is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.
